My FILLER Revitalize Booster

Growth factors is naturally produced when a wound in our body requires a tissue reparation. Fractional lasers in aesthetics field based on this exact same process, the doctor create a microscopic wound that triggers EGF production. **Revitalize Booster is a EGF (Epidermal Grow Factor) of last generation.**

Booster is a protein composed by 53 amino-acids widely present in our skin. It increases keratinocyte proliferation of the corneal epithelium, endothelial cell and fibroblast (protein synthesis and glycosaminoglycans).

REVITALIZE PROTOCOL

1. Clean, sterilise and applied anaesthetic topical cream to the chosen area to be treated.
2. After 30-60 minutes check if the area is numb. Remove topical cream with gauze and warm water. Exfoliate the area with a double cleanse, sterilise area and blot dry. Protect patient using appropriate means of covering like gauze, micropore tape and head-band.

3. Mix the content of 2 ampoules into a vial of My Filler Revitalize Pure.
4. Shake until an homogeneous emulsion forms.

5. Apply the product at area being treated with a cotton bud or gauze.
6. Choose depth on Revitalize Pen to maximum depth for the areas following (1mm face and 2-2.5mm body) and begin to stamp the mesotherapy product into the skin covering all areas.
7. Apply another layer of mesotherapy product.

8. Reduce Revitalize pen depth to half previous chosen. Create rows vertical and horizontal to cover all the areas.
9. Apply another layer of mesotherapy and repeat using 's' sweeping motions with the Reduce Revitalize to cover all areas.
10. Apply the remaining mesotherapy product liberally all over with cotton bud or gauze.

11. A mask can be used to relax the skin for 5 minutes.
12. Blot the area dry with a tissue.
13. Apply moisturiser and/or SPF cream.
